

## MODERN SLAVERY AND HUMAN TRAFFICING POLICY

Core to Cloud has a zero-tolerance approach to modern slavery, and we are committed to acting ethically and within integrity in all our business dealings and relationships. We implement and enforce effective systems and controls, to ensure modern slavery is not taking place anywhere in our own business or in any of our supply chains.

We are also committed to ensuring there is transparency in our own business and in our approach to tackling modern slavery throughout our supply chains, consistent with our disclosure obligations under the Modern Slavery Act 2015. We expect the same high standards from all our contractors, suppliers and other business partners, and as part of our contracting processes, in the coming year we will include specific prohibitions against the use of forced, compulsory or trafficked labour, or anyone held in slavery or servitude, whether adults or children, and we expect that our suppliers will hold their own suppliers to the same high standards.

This policy is approved by the board of directors and will be reviewed annually as part of ongoing internal audit processes.
